Dear General Doyle:

Thank you for sending me a copy of your recently published edition of "Soviet Military Capabilities." Compilation of such data in an easily read, unclassified publication is useful for acquainting the public with the nature and scope of Soviet strategic military efforts.

Sincerely,

/s/ William J. Casey

Dear Mr. Casey

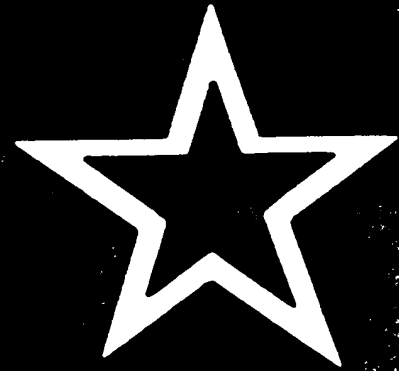

We have just published the newest edition of our unclassified "Soviet Military Capabilities" (SMC) booklet and I am forwarding a copy for your review. The SMC booklet, last published in 1981, is similar in concept to the Defense Department's "Soviet Military Power" document. The SMC booklet, however, is narrowly focused on issues of primary concern to SAC. I hope you find it interesting and enlightening.

There are limited numbers of SMC booklets available. If you require additional copies, please direct your request to Maj Fran Early, Special Presentations Division, AUTOVON 271-3132.

Sincerely

Wm L. Doyle Jr.
